**Please remember students must reapply for an off
campus physical education waiver each school year to be
considered for the program.**

**HUMBLE INDEPENDENT SCHOOL DISTRICT
OFF-CAMPUS Physical Education (OCPE)
INFORMATION FOR PARENTS**

To maintain compliance with the Texas Education Code, Humble ISD offers students a waiver process for OCPE programs. This waiver process consists of Category 1 (15 hours) and Category 2 (five hours) for high school and middle school.

Request for waivers for approval of private or commercially sponsored physical activity programs will be considered in two categories. These are:

CATEGORY 1 -OLYMPIC TRAINING: is available to Middle School and High School students.

(Waiver requests considered under this category must be approved by the local Board and submitted to the Texas Education Agency for final approval.)

- Private or commercially sponsored physical activity programs that lead to **Olympic-level** participation and/or competition. These programs typically involve a **minimum of 15 hours** per week of highly intense, professionally supervised training. The training facility, instructors, and the activities involved in the program must be certified by the Superintendent or his/her designee to be of exceptional quality.
- Students qualifying and participating at this level may be dismissed from school one period per day for such participation. Students dismissed must not be permitted to miss any academic class to fill out a regular day in lieu of leaving campus for OCPE.
- **The OCPE students should leave the campus one period prior to the end of the day or not check in to school until the second period of the day. There will be no supervised areas for these students to stay on campus for the unassigned class period and will result in immediate dismissal of the OCPE Program.** Students who discontinue OCPE Category 1 during a semester will be enrolled in a regular physical education class for the remainder of the semester to complete the credit in physical education for that semester.
- It is anticipated that only a very limited number of students will qualify for this exceptional level of participation.
- The credits being earned for graduation requirements are to be taken during the students' high school enrollment period.
- Students participating at this level may receive a maximum of **one-half** credit per semester. A total of **one credit** may be earned toward state high school graduation requirements or **four semesters** for middle school PE requirements.

CATEGORY 2: is available to Middle School and High School students.

(Waivers in Category 2 must be approved by the local Board but **do not** require submission of approval of the Texas Education Agency.)

- Private or commercially sponsored physical activity programs as certified by the Superintendent or his/her designee to be of high quality, well supervised by appropriately trained instructors, and consisting of a **minimum of five hours** per school week.
- Students participating at this level may receive a **maximum of one-half** credit per semester. A total of **one credit** may be earned toward state high school graduation requirements or **four semesters** for middle school PE requirements.
- Students certified to participate at this level **may not** be dismissed from any part of the regular school day.
- The credits being earned for graduation requirements are to be taken during the students' high school enrollment period.

Top Ten Reasons to Buy American Made

"Buy American!" might sound like nothing more than a slogan advanced by American manufacturers to sell products made in the USA, but the truth is that there are many reasons to consider buying American-made clothing, American-made toys, and other US-manufactured goods. We've listed just a few of the benefits of buying American below:

Top Ten Reasons to Buy USA Made Products:

10) Foreign labor standards allow unsafe worker conditions in many countries. When you buy American you support not only American manufacturers but also American workers, safe working conditions, and child labor laws.

9) Jobs shipped abroad almost never return. When you buy goods made in the USA, you help keep the American economy growing.

8) US manufacturing processes are much cleaner for the environment than many other countries; many brands sold here are produced in countries using dangerous, heavily polluting processes. When you purchase American-made product, you know that you're helping to keep the world a little cleaner for your children.

7) Many countries have no minimum wage restrictions, or the minimum wage is outrageously low. When you choose products made in the USA, you contribute to the payment of an honest day's wages for an honest day's work.

6) The growing lack of USA ability to manufacture many products is strategically unsound. When you seek out American-made goods, you foster American independence.

5) The huge US trade deficit leads to massive, unsustainable borrowing from other countries. Debt isn't good for you and it isn't good for America.

4) Foreign product safety standards are low. For example, poisonous levels of lead are in tens of millions of toys shipped to the USA. When you buy toys and other goods made in the USA, you can be confident that American consumer protection laws and safety standards are in place to protect your family.

3) Lack of minimum wage, worker safety, or environmental pollution controls in many countries undermines the concept of "fair and free trade". No Western nation can ultimately compete on price with a country willing to massively exploit and pollute its own people. When you buy only American-made products, you insist on a higher standard.

2) Factories and money are shifting to countries not friendly to the USA or democracy. When you avoid imported goods in favor of American-made items, you help ensure that the United States doesn't find its access to vital goods impacted by political conflict.

1) As the US manufacturing ability fades, future generations of US citizens will be unable to find relevant jobs. Buy American and help keep your friends and neighbors-and even yourself-earning a living wage.

TAI – CHI – CHUAN - Testimony

Since earning (2nd) Black Belt in Tai – Chi – Chuan on 27 February 2016 from Master Wang – Wang’s Martial Arts, I decided I wanted to reach out and give back to the community by teaching Tai – Chi classes at Retirement Centers in Kingwood, Texas.

Currently I am teaching four (4) times a month or once per week at Watercrest Retirement Center and eight (8) times per month or twice per week at Brookdale Retirement Center. Both facilities are in Kingwood, Texas.

It is personally gratifying to me to see other people’s personal health and well being changed for the better as a result of practicing Tai – Chi.

Paul B. Greenwood

THIS RECIPE IS FAMOUS BECAUSE OF ITS EFFECT IN KEEPING NORMAL THE BLOOD SUGAR LEVELS.

Believe me when I tell you that it is very helpful when it comes to the problems mentioned before.
